I have used Silverwing for many vehicles over the years from company fleet to my own personal cars and although I have two garages nearer to my home I always use Silverwing as I know I will not get ripped off and I can be confident the work is done properly first time. 07/04/11

Great service, makes visiting a garage almost a pleasure. 24/02/10

This is a brilliant garage. I went in with my car that had a jerking problem and I did not know what was causing it. Silver Wing took my little banger in and went over it with a fine tooth comb. After a week it was found that I had a dodgy tyre. Silver Wing replaced my tyre and they really looked after my car. It was treated like one of their own cars. I highly recommend Silver Wing and I will go back again and again. 02/02/10

We asked Silver Wing to carry out a breakdown repair on our behalf, for one of our customers. They did so in a friendly, efficient manner, and at an extremely reasonable cost. Great service. 01/02/09

I asked for an MOT and any essential repairs for the car to get through the MOT. In my experience garage have taken this as an opportunity to make up repairs but silver wing got my car through the MOT with no additions. Very honest, reliable service. I will definitely be doing business with them again. 23/10/09
