

Enquiry Form

*Funeral Pre-Payment Plans provide an opportunity for individuals to make arrangements for their own style and type of funeral in accordance with their own wishes and, on payment of a sum reflecting the costs of that provision **at present day prices**, to be assured that the funeral they have requested will be provided when they die.*

In the case of Funeral Pre-Payment Plans operated commercially there are generally restrictions on the style and type of funeral individuals may choose and this is reflected in the cost of a specific funeral provision.

With the Perfect Assurance Funeral Trust, the choice is made by the individual with the chosen Funeral Director who is invariably in a position to respond to any particular and detailed requirements.

With a nationally-recognised and established organisation like the National Association of Funeral Directors backing the Plan, peace of mind is assured in the knowledge that, however simple or complex an individual's wishes may be, all the arrangements will be made in a professional, dignified and sympathetically-understanding manner, and with all the financial implications clearly identified and secured.

The National Association of Funeral Directors has established a means whereby the arrangements for this final chapter of one's life can be made and secured with simplicity and maximum flexibility allowing individuals complete control over the style and type of funeral they would wish for themselves.

It is a natural concern to wish to ensure that those we love are, at what can be the most traumatic and distressing time of their lives, spared some of the financial burden and decisions that may follow death.

In these times of diminishing family connections it also allows those with no immediate family to call on to put in hand the final details of one's life, secure in the knowledge that their wishes will be faithfully attended to.
