

We are an IT services company

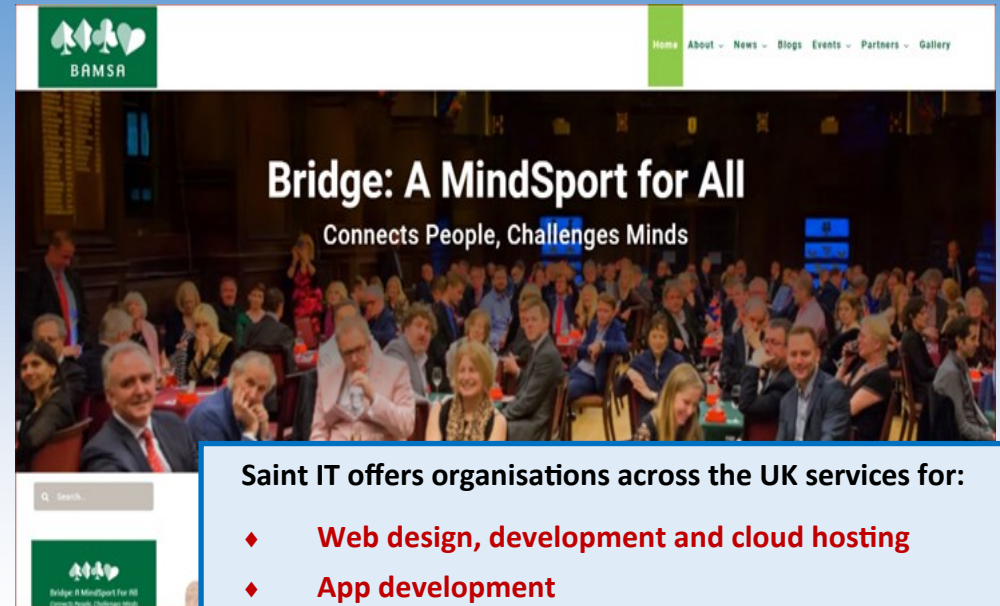

specifically focused on SME businesses, charities and not for profit organisations in the UK. Our offices

are in London, Sunbury on Thames and Colchester. Saint IT was formed in 2017 out of the work we do for charity and not for profit organisations.

We pride ourselves on our quality customer service approach building long term partnerships with our clients.

We equally understand that our customers need a cost-effective solution, appropriate for the size of organisation. Saint IT has the flexibility to tailor the services that achieve these results for you.

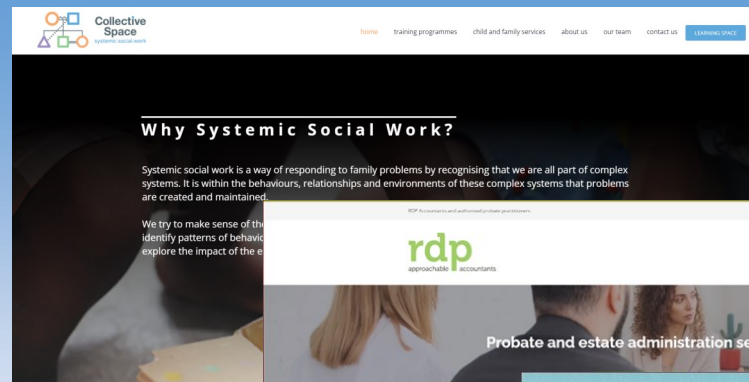

Saint IT offers organisations across the UK services for:

- ♦ **Web design, development and cloud hosting**
- ♦ **App development**
- ♦ **Managed IT Services**
- ♦ Customer Relationship Management (CRM)
- ♦ Enterprise Resource Planning (ERP)
- ♦ **Office 365 solutions and support**
- ♦ **Multi and hybrid cloud computing**
- ♦ Hardware provisioning
- ♦ **Network and VOIP telephony and support**
- ♦ **Office installs, Network, CCTV, Access Control**
- ♦ Remote working & bring your own device (BYOD)
- ♦ **Business continuity services**
- ♦ Requirements management and system design
- ♦ CCTV, Wi-Fi and Access Control solutions
- ♦ **Cyber Security services**
- ♦ **Technical Support and Change Management**
- ♦ Project planning and delivery

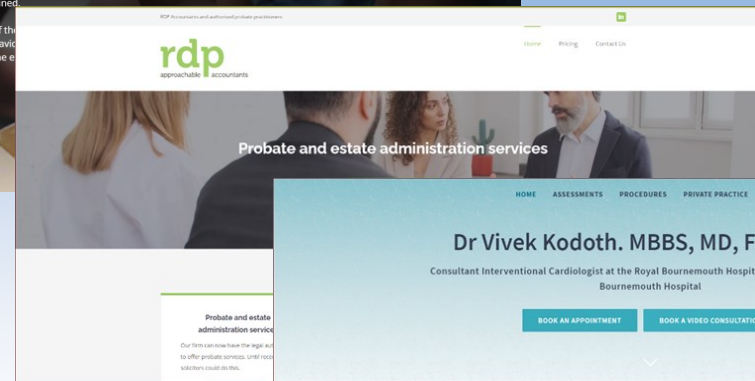

At Saint IT we believe IT systems and solutions should seamlessly support the operation of our client organisations. We care about your customer success.

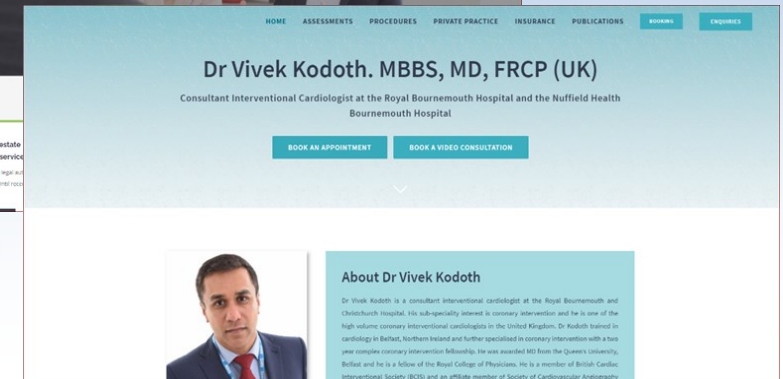

Our company principal of Customer First, drives our determination to understand the business of our customers and how IT can solve challenges and support future growth.
